# Weekend Hideaway

## Thurnberger Staausee, Austria

A unique weekend refuge was constructed at Thurnberg Reservoir, one of three reservoirs in Kamp Valley, Lower Austria.

The developers opted for a simple design featuring distinct wooden and concrete forms with large open windows.

The building, has a surface area of just 75 m<sup>2</sup>, a black façade, and a gable roof, is inspired by the rural barns and stables in the surrounding area.

The house was built using 25 m<sup>3</sup> of visible quality (VI) cross-laminated timber (CLT) by Stora Enso.

### General

#### Delivery year

2015

#### Building type

1-2 Family Dwellings

#### Area (m<sup>2</sup>)

75
