

# Office Ternay

## Ternay, France

The wooden office building is located in Ternay, close to Lyon in France. This is a 2 storey office building for an equipment fleet with the particularity to have an hybrid structure made of CLT by Stora Enso bearing walls in industrial visible quality (INV) and steel beams network. The completion of the office was in 2016.

### Office Building Concept by Stora Enso

The office buildings of the future are made of wood.
