Blakeney Cabin

Blakeney, UK

EURBAN

A luxury 4 bedroom holiday eco-cabin at Blakeney on the north Norfolk coast. The simple architecture and design results in a beautiful, elegant and well-crafted contemporary space. Internally, much of the Cross Laminated Timber has been left exposed. Externally, pre-cast Flint blocks have been used as a contemporary use of a traditional material that is local to the area. The combination of flint and CLT is an interesting mix of traditional and modern.
