

Auchan Grand Carre Villeneuve d'Ascq, France

This project is a very large timber-frame construction site. Since March 2019, this property complex comprising 5 3 storey buildings with beautiful attics is the home of Auchan group's employees on the Grand carré site in Villeneuve d'Ascq (Haute Borne). The CLT by Stora Enso is used here as floors and roof elements. This type of construction is the key to an ecological building concept and provide a modern workplace with a pleasant indoor climate.

Office Building Concept by Stora Enso

The office buildings of the future are made of wood.
