

ANSES ANMV Headquarter

Javené, France

The office headquarter building from ANSES ANMV in Javené, France, was built with CLT massive wood by Stora Enso in 2018. Altogether, the project comprises 2 210 m². The modern construction material has an extremely welcome side effect: the healthy climate within wooden structures creates a particularly pleasant indoor environment and has a demonstrably positive effect on employee's well-being. A total of 373 m³ CLT and CLT rib panels by Stora Enso was used for this construction project.

Office Building Concept by Stora Enso

The office buildings of the future are made of wood.
