# Weiden Club 119

## Weiden am See, Austria

Hoteldorf Seepark Weiden is an idyllic holiday village located right in the reed belt of Lake Neusiedl. Named after the location's sea level, Club 119 is built directly above the "Blue Goose" restaurant and describes itself as a "combination of a bar, lounge and library". In designing the building, the architects emphasised natural surfaces and materials, for which CLT proved to be ideal.
