

Primary School Ybbs

Ybbs an der Donau, Austria

The Primary School in Ybbs an der Donau, was built with CLT massive wood by Stora Enso in 2009. The modern construction material has an extremely welcome side effect: the healthy climate within wooden structures creates a particularly pleasant indoor environment and has a demonstrably positive effect on residents' wellbeing.

School Concept by Stora Enso

Let's build a learning environment for the next generation.
