

Single Family House Cunovo

Bratislava, Slovakia

In the summer of 2017, a modern detached house was built in Bratislava using CLT by Stora Enso. CLT in visible quality was used for the building which has a living area of 132 square metres. Larch wood was used on the façade and terrace, underlining the project's wood concept. Stora Enso supplied a total of 28 m³ of CLT.
