

CIS - Centre for Inclusion and Special Education St. Johann im Pongau, Austria

The Centre for Inclusion and Special Education provides a focal point for children and young people with special educational needs. This new building plays a pioneering role in regional awareness and identity education. The municipality gave preference to the raw material wood, in order to offer a comfortable atmosphere for students. 700 m³ of CLT by Stora Enso were used in total.

School Concept by Stora Enso

Let's build a learning environment for the next generation.
